

Tower of Sticks

Towers and hours of fun!

What you need:

A variety of sticks - different thicknesses and lengths
Fruits, nuts, leaves, pebble and flowers - anything you can find!

Balance and build...

GETTING STARTED

Collect your sticks, and sort them into piles from small to large.

Experiment with different ways of constructing with the sticks to build a stable tower.

Add decoration using pebbles, leaves etc

Tower Power

There are lots of amazing towers all around the world.

The Tokyo Sky-tree is 495 metres tall!

Have a look online. Can you find the tallest tower in the world? Can you find the oldest?

NEVER TOO MANY TOWERS!

Try out some different tower challenges:

- Can you build the tallest tower?
- Can you build the tiniest tower using little twigs?
- Can you build the strongest tower?
- Can you build the neatest, or messiest tower?!
