Leave no trace

Please care for Centennial Parklands' environment by disposing of waste properly, respecting wildlife and being considerate of other Park visitors.

Please don't feed our wildlife

If you love our birds and animals, do the right thing and do not feed them. Processed bread and non-natural foods are not healthy for wildlife, and you may inadvertently be making our birds and animals sick. Love them, but don't feed them.

Centennial Parklands Foundation

The Centennial Parklands Foundation exists to raise funds and awareness to support and enhance the three magnificent parks of Centennial Parklands. It is an independent charitable organisation established in 1998 to facilitate fundraising activities for the Parklands under the Register of Environmental Organisations. To find out how you can help call **(02) 9339 6699** or visit yourparklands.org.au

About us

Covering more than 360 hectares, Centennial Parklands comprises three parks: Moore Park, Queens Park and Centennial Park and is one of the world's finest and most used urban open spaces. Situated less than five kilometres from Sydney's central business district and just a few minutes from the city's popular eastern beaches, the Parklands portrays a rich cultural history as well as an abundance of recreational opportunities. Enjoy a run, ride, picnic or ball game, or just unwind beside the picturesque ponds with a good book.

Rules and regulations

Our rules and regulations ensure the safety and enjoyment of all visitors and protect the Parklands' plant and animal life. Park Rangers enforce the rules under State law. If you ignore or break them, you could be fined. Below are some key rules.

- Vehicles must not exceed the 30 km per hour speed limit.
- Cyclists must observe the 30 km per hour speed limit, wear helmets and follow one-way traffic directions.
- Cyclists are not permitted to ride in packs of more than 16.
- Dogs must be on a lead inside and on the Grand Drive circuit and within 10 metres of Federation Pavilion. You may exercise your dog off-leash outside Grand Drive, but you must keep it under control at all times.

The full list of regulations can be found on our website.
