

# Sensory Explorers

Early Stage One Science and Technology: Living World

This science and technology excursion aims to provide Early Stage 1 students with an opportunity to explore the living world through play based, scientific and sensory activities.

## Excursion Activities:

- Nature-based sensory games that focus the needs of living things
- Nature walk and data collection activity to discover the plants and animals that live in the Parklands
- Bug (minibeast) hunt

## Syllabus Outcomes:

- **STe-1WS-S** observes, questions and collects data to communicate ideas
- **STe-3LW-ST** explores the characteristics, needs and uses of living things
